Work Experience

Software Developer

Flourish Digital Enterprise - (Freelance)

Thapathali | Aug 2023 - Present

- Developed and implemented scalable, reusable components, improving development efficiency and ensuring a consistent user experience across platforms for Australian audiences.
- Led the complete project lifecycle for 2+ websites, overseeing requirements gathering, design, and deployment, while ensuring compliance with Australian privacy and accessibility laws.
- Worked collaboratively with cross-functional teams to integrate features, coordinating with UX/UI designers, backend developers, and QA Engineer, reducing post-launch issues while adhering to Australian market needs.
- Utilized Git for version control, enabling seamless collaboration and maintaining code integrity, leading to zero major conflicts during project rollouts. .
- Applied SEO best practices, improving organic search traffic by 15% and enhancing site performance with faster load times and better crawlability.

Key Skills: Cloud Services (Hostinger), JavaScript, Next.js, TypeScript, Tailwind, Best SEO Practice, Microsoft Clarity, shadcn/ui, React, Docker

Software Developer

Dhuni Software

Thapathali | February 2022 - Present

- Architect and implement reusable components, improving development efficiency by 45% and ensuring code consistency across the project.
- Managed the full development lifecycle for 6+ project, from requirement analysis and design to deployment and maintenance, ensuring timely project delivery.
- Collaborated closely with cross-functional teams to deliver 10+ features, including designers, back-end developers, and QA testers, to deliver high-quality, bug-free features resulting in a 30% reduction in post-release bugs.
- Utilized Git for version control, enabling seamless collaboration and maintaining code integrity, leading to zero major conflicts during project rollouts. .
- Applied SEO best practices, improving organic search traffic by 15% and enhancing site performance with faster load times and better crawlability.

Key Skills: React, Redux, State Management, Component Architecture, RESTful APIs, Git, Version Control, Lazy Loading, SEO, Semantic HTML, Performance Optimization, Team Collaboration, Full Development Lifecycle

- Developed pixel-perfect responsive web pages using React, ensuring cross-browser and cross-device compatibility for optimal user experience.
- Integrated RESTful API calls to connect front-end components with back-end services, improving user interaction and site functionality by 25%.
- Enhanced web application performance through code optimization and best practices, including component reusability and efficient rendering.
- Optimized site performance with code refactoring, resulting in a 20% increase in loading speed and improved overall accessibility.

Key Skills: React, Figma to Code Conversion, Responsive Design, API Integration, RESTful APIs, React Hooks, Context API, State Management, HTML, CSS, JavaScript, Web Performance Optimization

App Release

Vocalpanda (Google Play Store and App Store)

- Developed and launched a mobile app available on the Play Store using [React Native CLI].

Freelance Projects

Freelance Developer | Remote

Sept 2024 - Jan 2025

MiniChampions - (Australia)

<https://minichampions.com.au/>

- Developed an engaging and user-friendly website for Mini Champions, an educational multi-sport program in Australia, using Next.js, Tailwind CSS increasing visitor engagement by 25%.
- Integrated multimedia elements, such as videos and images, using Youtube Player and Next.js, boosting time-on-site metrics by 30%.
- Ensured responsive design and cross-browser compatibility by leveraging CSS frameworks like Tailwind CSS, achieving 100% mobile responsiveness and improving accessibility scores by 95%.
- Achieve a client satisfaction score of 95% based on project delivery and performance.
- Developed an engaging and user-friendly website for Mini Champions, an educational multi-sport program in Australia, effectively showcasing their services in teaching children nutrition, literacy, and numeracy through music and sports.
- Integrated multimedia elements, including videos and images, to highlight the program's activities, enhancing user engagement and providing a comprehensive overview of the services offered.
- Ensured responsive design and cross-browser compatibility, allowing parents and educators to access information seamlessly across various devices and platforms.
- Implemented SEO best practices, resulting in higher visibility in search engine results and increasing organic traffic to the website.

Freelance Developer | Remote

Sept 2024 - Jan 2025

SOWATT - (Australia)

<https://SOWATT.com.au/>
